FIFTH ANNUAL REPORT

OF THE

BOARD OF MANAGERS

OF THE

PRESBYTERIAN HOSPITAL

OF THE CITY OF CHICAGO.

To the Members of the Society:

Complying with the Constitution and By-Laws, the Board of Managers submit to the annual meeting of the Society the report of the Hospital for the year ending March 31, 1888, it being the fifth annual report of the Managers.

THE PAST YEAR'S WORK.

The reports and exhibits from the different departments of the Hospital specifically set forth the work in detail. From the report of the Medical Superintendent members of the Society will ascertain a full statement of the number of patients treated during the year, and the Board of Managers congratulate the members of the Society on the showing.

The Hospital has been full to overflowing during the entire year, and we have been obliged to deny admittance to many worthy applicants.

| | |
|---|--------|
| Number of patients treated during the year, | 637 |
| Number of days of treatment, - - - | 17,782 |
| Patients cured, - - - - | 360 |
| Patients improved, - - - - | 142 |
| Patients unimproved, - - - - | 44 |
| Patients died, - - - - | 31 |
| Patients remaining March 31, 1888, - | 60 |

We have during the year completed an addition to the Hospital, which we have named the "Hamill Wing," in memory of the late Dr. R. C. Hamill, who was Vice-President of the Hospital from the first, and one of its early promoters. By the addition of this

wing we gain a net increase of 35 beds, so that we can at the present time accommodate 85 patients.

The total cost of the Hamill wing was \$12,000, and the Managers were enabled to undertake this much needed improvement by the generosity of Dr. J. P. Ross and Mr. Cyrus H. McCormick, Jr., who paid in their subscriptions, which amount was supplemented by the payment of \$1,083.79 by the First Presbyterian Church of Chicago.

RESOURCES OF THE HOSPITAL.

The Managers have tried to administer the affairs of the Hospital with the greatest possible economy, but owing to our limited accommodation, coupled with the fact that during the building of the Hamill wing we were deprived of a considerable portion of the east part of the Hospital building, our current expenses largely exceeded the money received from donations, endowments and paying patients. We have every reason to believe that with the increased accommodations, by which we will be enabled to accommodate a greater number of patients, we will be able to bring our expenses down to our estimated receipts.

From the first year of the Hospital there has been an old debt hanging over us, which the Managers have felt ought, in justice to the Hospital, to be wiped out, and they have during the year made a temporary loan for the sum of \$9,000, which has paid all old bills, and also cared for the deficit of this year.

It is with great pleasure that we note the increasing interest in the regular religious services of the Hospital, which during the last six months have been conducted by or under the immediate charge of the Clerical Board.

TRAINED NURSES.

The Hospital Training School continued during the year with very satisfactory results. Miss Marion H. Mitchell, who since the reorganization of the school occupied the position of Superintendent of Nurses, conducted the school with great ability, and it is with regret that we announce that her services terminate on the 1st of April. Whatever part successful and faithful nursing plays in the recovery from surgical operations and disease in general, by so much Miss Mitchell and her faithful nurses should be credited.

THE LADIES' AID SOCIETY.

The work of the Managers has during this year, as in the past history of the Hospital, been greatly supplemented by the assistance of the Ladies' Aid Society, and we submit herewith their report for the year, which we hope every member of the Society will take time to read.

ENDOWMENTS OF BEDS AND DONATIONS.

Two years ago, of the beds in the Hospital, twenty-five per cent. were free. This year, with increased capacity, closes with same per cent. of free beds.

The Hospital now has two free beds in perpetuity; the Tuthill King bed, and the Margaret McKay bed, endowed by Mrs. Barbara Armour. Free beds have been supported by the Church as follows:

First Presbyterian Church, - - - - Three beds.

- A. The Catharine Eddy bed, by S. S. Spencer.
- B. The Henrietta Wells bed, by Mr. and Mrs. Robert M. Wells.
- C. Child's bed, by Sabbath School.

Second Presbyterian Church, - - - - One bed.

BED FOR MINISTERS AND THEIR FAMILIES.

Third Presbyterian Church, - - - - Four beds.

- A. Ladies' Aid bed.
- B. Deacon's bed.
- C. S. W. Rawson bed.
- D. Mrs. Thos. Kane bed.

Fourth Presbyterian Church, - - - - One bed.

" " " (partially endowed), - One bed.

Sixth Presbyterian Church, - - - - One bed.

Eighth Presbyterian Church, - - - - One bed.

First Presbyterian Church of Hyde Park, - - One bed.

First Presbyterian Church of Evanston, - - One bed.

The Ladies' Aid Society of the Presbyterian Hospital, Two beds.

The Y. M. C. A., by Mrs. S. G. Cleveland, - - One bed.

The Yoke Fellows, by Mrs. S. G. Cleveland, - One bed.

Many of the Churches in the Northwest have contributed money, and liberal donations have been made by our citizens.

HOSPITAL SUNDAY.

The Managers report with great pleasure that, at a meeting of the pastors of the Presbyterian Churches of Chicago and suburbs, it was decided to set apart one day in the year, to be known as "Hospital Sunday," when collections would be taken up in the different Churches, the proceeds of which should be devoted to the needs of our Hospital. Like all new departures, this effort may be attended with but little success at first, but the Managers believe that the more it is thought of, the more surely the wisdom of such an effort on the part of our Churches will commend itself to all who have an interest in charitable work.

IN MEMORIAM.

The Managers announce with sorrow the death of Dr. Moses Gunn, who was from the inauguration of the Hospital one of its attending Surgeons. In the death of Dr. Gunn the Hospital has lost one of its staunchest friends and the medical profession one of its brightest lights.

NEW BUILDING.

The Managers congratulate the Society on being able to announce that plans for the main Hospital building are now nearly completed, and contracts will soon be let for the entire work, and we shall hope to be able to have a dedication of the new building by Christmas-time. This has been made possible by the generous gift of the heirs of Daniel A. Jones—they having pledged to the Managers \$100,000 toward the construction of the Congress Street building, which shall be known as "the Jones Memorial."

To complete the L connecting the Jones Memorial with the present Hospital building will require, in addition to the subscriptions already made, at least \$60,000, and the Managers appeal to the members of the Society for prompt aid in this noble undertaking. There surely are other persons in our large and wealthy body who must find pleasure in giving to so grand a cause.

It should be borne in mind that this Hospital is for all God's sick and needy children. It makes no inquiry regarding creed. Nominally under the care, but *not the control*, of physicians of one school. It is an established rule of the institution that any reputable physician in actual private practice, to whatever school of

medicine he belongs, may avail himself of the privileges of the Hospital, and may treat patients as though he had them at his own home. 11

MEDICAL STAFF.

The Managers with pleasure again acknowledge their thanks to the medical and surgical staff of the Hospital for the devotion with which they have discharged their duties during the past year. The Medical Superintendent, Dr. H. B. Stehman, has with great care and skill devoted himself to the duties of his office.

LADIES' AID SOCIETY

OF THE

PRESBYTERIAN HOSPITAL.

ANNUAL REPORT.

The Ladies' Aid Society of the Presbyterian Hospital has held its monthly meetings during the year with a punctual attendance of most of its members. The work steadily advances to meet the steadily increasing demands.

The Society has furnished the new Hamill wing, which is now completed, and its bright, conveniently arranged and well ventilated rooms are now ready for occupancy. With these improved conditions the work of physicians and nurses will be made much easier and more satisfactory.

A good supply of table linen, bedding, garments for the sick, and other articles of the kind that constantly need replacing, has been provided by the Furnishing Committee.

Bandages, lint, and dressings have been supplied as needed.

The monthly reports of the Visiting Committee keep the Board of Managers informed as to the condition of the Hospital and the many interesting individual cases. There has been some discomfort, as a necessary consequence of building, but this has not been allowed to fall upon the patients.

The housekeeping department was never more ably and thoroughly administered than at present. Miss Riedle, to the ordinary qualifications for that position, adds the important one of an extended experience in nursing, which enables her to estimate more intelligently the needs of patients.

The Hospital has maintained its own Training School for Nurses, and has during the year graduated three young women, amply qualified to pursue this important calling.

The Library Committee have received several hundred volumes during the year, which they keep in order, covered and numbered, and distribute as called for. Subscriptions to several of the leading magazines, and the religious and daily papers, have been given,

so that these are regularly received and read by convalescents and nurses. There is always room for more good books, and the Committee would be glad to receive them, or the money to buy them.

The Churches have sent each month the usual supply of fruit and jellies, and the more delicate articles of food.

The Devotional Committee, which has been formed during the past year, already takes its place as one of the most important branches of the work of the Aid Society. The ladies appointed by the Chairman of this Committee visit the patients each week, and, after consultation with the physicians, read to them, or talk with them, as may be wished. The comfort and help from these conversations have already been evident in many cases.

This report should not close without a mention of the "ministering children," who may be said to be the "silent members" of this Association. The contributions of Sunday Schools support two free beds for children, and gifts come every month of money or luxuries for the little sufferers from companies of little girls, or from some thoughtful child who has early learned how sweet it is to think of others.

The Children's Ward is a bright and cheerful place. Pictures cover the walls, and a book case is filled with the kind of literature children like.

Perhaps these weeks in the Hospital are the pleasantest that many of these children ever know. They most often come from poor and wretched homes, and their diseases are such as are caused by bad sanitary conditions, ignorance and neglect.

The gentle care, the imperative cleanliness and the nourishing food work such a change in their condition, that they leave the Hospital very different beings from the poor creatures who were brought in sick and suffering. It is the aim of the Aid Society to help this good work in the best manner, with more abundant means and wider experience from year to year.

The Managers wish to express their thanks to all friends who have aided them with gifts and words of encouragement; and especially to the proprietors of the Palmer House for their kindness and courtesy in giving them, for the past three years, the use of a room for their monthly meetings.

Respectfully submitted,

April 2d, 1888.

JANE N. HIBBARD, *Secretary.*
